Case Wt. (Gross)	13 lbs
Case Wt. (Net)	12 lbs
TI x HI	4 x 4 = 16cs/Pallet

Kleenhanz® serves as an effective, waterless solution to hand washing. **Kleenhanz®** consists of a fresh scented, pre-moistened, disposable towelette that wipes out germs. Liquid products without towelettes for friction, such as gels and foams, do not effectively remove dirt and germs from your hands.

Some of the many benefits of using **Kleenhanz®** include;

- Antimicrobial, 100% alcohol free and hypoallergenic
- Lightly moistened and fresh scented
- 99.99% effective at eliminating many common harmful germs and bacteria
- Non-flammable, water-based solution
- Does not leave hands feeling dry and cracked
- Longer protection than alcohol-based products
- **Handwashing On-the-Go®**

Construction: Dispenser unit fabricated of heavy duty T-grade plastic. Button fabricated of high density polyethylene.

Capacity: Dispenses up to 250 perforated, center-pull towelettes measuring 5.5" wide and 7.5" long. (13.97cm x 19.05cm)

**Use refill model KH0250P*

Operation: Towelettes are dispensed through the bottom of the dispenser by pulling the exposed portion of the towelette down and outward. Standard sheet length is 7.5" long. No electrical power is required for operation.

Installation: Secure to wall using convenient mounting slots and supplied hardware. Follow installation instructions included with the unit.

Overall dimensions: 10" H x 6" W x 3.75" D
(254mm x 152.4mm x 95.25mm)
